

Respected President, Vice President, Members of Managing committee, Supporters and members of Mahesh Foundation.

Namaskar,

It gives me immense pleasure to place before you report of the activities of the managing committee for the year 2011-12. I would like to highlight the activities conducted by the Managing committee during April 2011 to March 2012.

Mahesh Foundation, a non-governmental organization working for the welfare of children and youth affected by HIV/AIDS in society by ensuring them education and encouraging them to fight against HIV/AIDS deadly disease. Mahesh Foundation runs “**AADHAR**” Orphanage, where more than 43 HIV infected & affected orphans are sheltered.

Membership	In order to strengthen the organization and broaden the base the Managing committee took efforts to enroll more and more members due to which the total members as on 31st March 2012 are as follows Members – 41 .
Managing Committee Meeting.	The Managing committee meeting is conducting every month 1st Sunday at Mahesh Foundation . So there were 12 meetings during the year. Apart from this 05 meetings were conducted especially for unexpected problems mainly school problems.
New Admissions in AADHAR orphanage.	During the year we are newly adopted 27 HIV infected & affected orphan children in AADHAR orphanage where as we just 16 students as on 31st march 2011 .

Activities:

Shelter HIV Infected and Affected orphan Children.

AADHAR orphanage: This works for orphans and vulnerable children. This orphanage shelter **43** children and caters to their varied requirements including Shelter, Medicine, Nutrition and Education.
Total Sheltered children– **43**.

Nutrition Support to Children Living with HIV infected Children.	Mahesh Foundation provides nutrition support for 100 CLHIV in Belgaum district that adds up to 20% of total CLHIV in whole Belgaum district. The instances say that two CLHIV children on an average are dead because of non availability of proper nutrition food, as it is non practical to shelter all 1400+ children. Mahesh Foundation is trying to at least supply nutrition food to CLHIV so that it helps to keep them alive.
AADHAR HIV/AIDS Helpline	The Objective of the Helpline is not only to help and assist those infected with HIV/AIDS but also to create awareness about the disease. People are hesitant to reveal the truth due to the social stigma attached. As a result, patients do not receive proper counselling or timely medicine. The trauma caused by the knowledge of infection is often so severe as to drive youth and couples to suicide. People having questions about HIV/AIDS are hesitant to ask because of social stigma and unfounded fears. The Telephonic/Online Helpline will guarantee complete anonymity while providing answers. This would serve to dispel misconceptions and wrong notions regarding the disease and instil confidence and hope in people who would otherwise languish in misery. HIV is considered a “disease of the others” i.e. of people living in the margins of society with questionable lifestyles. This prevents people from seeking information and help. Lack of correct information can result in either indifference or panic, both of which are undesirable from a societal point of view.
Medical Relief Program.	Mahesh Foundation provides 213 HIV infected patients free medical relief during the year. Like provide free MRI Scans, Medicines, proper information about government services in hospital, free meals for outside patients etc.
Eye Checkups Camps.	Mahesh Foundation organized eye checkups camps in Kanabargi's various government schools. More than 2406 poor children benefited the camps. in this camps we are identified 187 eye problems in children .Mahesh foundation provide more than 160 glasses to the needy children and 15 minor operations.

This are the very few methods adopted to betterment of society, in the same way there are many such incidents which shows the methods adopted by Mahesh Foundation towards this society. Though man as proceeded to such an extent but thoughts are still the same about HIV infected children so Mahesh Foundation is struggling for HIV infected children to treat them same as common citizens are treated because HIV infected children & people are not treated as same as common citizen. To get their rights Mahesh foundation is struggling & is successful & will struggle until all these peoples get their rights.
